**Descripción de los resultados**

Durante el tercer trimestre del ejercicio fiscal 2026 se registró un desempeño sobresaliente en el cumplimiento del indicador F.P. C01.A02 "Número de Solicitudes atendidas", correspondiente al Programa Presupuestario E019 – Conciliación de Conflictos Laborales, alineado al Programa PED 3.16 Trabajo Inclusivo y Justicia Laboral. Este indicador tiene como finalidad medir la admisión y atención de solicitudes para la prestación del servicio de Conciliación Laboral, como parte de las acciones orientadas a facilitar el acceso de la ciudadanía a los mecanismos de solución de conflictos laborales, para el periodo comprendido de julio a septiembre de 2026, la meta programada establecida en el sistema SIPPRES fue de 4,000 solicitudes atendidas, conforme a la programación trimestral del indicador, cuyo objetivo anual asciende a 15,132 solicitudes, bajo una periodicidad trimestral y con tipo de meta acumulativa. No obstante, derivado del incremento en la demanda del servicio y de la capacidad institucional para brindar atención oportuna, durante el segundo trimestre se recibieron y atendieron un total de 5,386 solicitudes, lo que representa 1386 solicitudes adicionales respecto a lo programado inicialmente.

Este comportamiento refleja no solo la eficiencia en la ejecución de las actividades institucionales, sino también el compromiso del personal del Centro de Conciliación Laboral para atender a un mayor número de personas trabajadoras y empleadoras que requieren iniciar el procedimiento de conciliación laboral prejudicial, de acuerdo con los parámetros establecidos para la evaluación del desempeño, el resultado obtenido ubicó al indicador dentro del rango de semaforización color amarillo, cuyo nivel de cumplimiento del trimestre, se encuentra en 134.65%, lo que significa que la meta fue superada de manera significativa respecto a lo programado. Este resultado, además de reflejar la capacidad operativa de la institución, evidencia una mayor confianza de la ciudadanía en los servicios de conciliación laboral y en los mecanismos institucionales para la resolución de controversias.

En términos generales, el desempeño del indicador es altamente favorable, ya que permite ampliar la cobertura en la atención de solicitudes y fortalecer el acceso de la población a los servicios de conciliación laboral prejudicial. Con ello, se contribuye a promover la cultura del diálogo, la solución pacífica de conflictos laborales y el acceso efectivo a la justicia laboral, en beneficio de las y los trabajadores, empleadores y de la sociedad en su conjunto.
